OBJECTIVE

My objective is to contribute my technical expertise and passion for creating engaging user experiences to an innovative tech company. I am motivated to learn and grow in a collaborative environment and seek challenging projects that expand my skill set. I have 2 years of experience in front-end development using ReactJS, 1 year of experience in NextJS, proficiency in related technologies such as Redux, GraphQL, and HTML/CSS/JavaScript, and proficiency in Figma for UI/UX design. Additionally, I am skilled in back-end development using NodeJS (ExpressJS), MongoDB, Restful API, and Strapi.
